## Weekly First Tee Spotlight...

### Having Fun While You Learn

**Being patient and having a good attitude even when performance is not going according to plan; asking for help on how to improve.**

Learning can be fun, whether it's about golf or a new subject at school. This is a lesson we teach at the Par level of First Tee. Here are three tips you can use to get more fun out of learning.

1. **BE PATIENT** - Stay calm while you wait and give yourself lots of chances to succeed.
2. **BE POSITIVE** - Enjoy what you are doing regardless of the outcome.
3. **ASK FOR HELP** - You can learn from others when you ask them to give you a hand.

**Participants-** things are probably continuing to get harder as you are still completing school work at home. Remember to be patient if you aren't understanding something, keep a positive attitude, and if necessary, ask your teacher for help. Let us know how you are staying positive at home and what you are doing?

**Parents-** We are all in this together and know this has not been easy. Do your best to remain patient among the ever-changing schedules. Having a positive attitude will help pass the time through the unknown. We are excited to start having fun with your kiddos at the golf course soon!

## Local Small Businesses

These are difficult times and things are changing daily. We would like to do our part to help the businesses in our area! If you own a small business in Cincinnati, please let us know so that our community can help support you! With current restrictions, you may not be able to operate now, but things are changing daily so even if we can't help today, we may be able to help you in the future!
